

GRADE 10 · UNIT 9.5: EXTENSION & ENRICHMENT (OPTIONAL)

Intro to Motion: Animated GIFs in Photoshop

Lesson 15 of 27 · Day 2 of 2

DO NOW

What would happen if your frames played too fast or too slow? Workshop (30 min): adjust frame timing so the motion reads clearly, set the animation to loop, and finish your 2-4 frame animation. Export (10 min): export as a GIF and confirm it plays correctly outside Photoshop.
