Planning & Running In-School Photoshoots

Lesson 5 of 43 · Day 2 of 3

DO NOW

Review your role for today, and the photo content policy. Shoot session (35 min): run the first in-school photoshoot on the schedule the receiving teacher approved, checking students in against the spreadsheet and reminding anyone who forgets to keep hand gestures to a peace sign or thumbs-up. Debrief (5 min): what worked, what didn't, and did the receiving teacher's class go undisturbed?
